

Baseline Puppy Package

- All of our puppies are socialized with people and various animal the 1st 8 weeks. We have cats, goats, chickens, horses, and rabbits on our farm.
- They will receive age appropriate vaccines to include Neopar parvo vaccine at 5 weeks and the 1st DHPP with my veterinarian. They will also receive their microchip which you will be responsible for registering.
- They are wormed at 4 weeks with pyrantel and then again at 6 weeks with fenbendazole. We will send in a stool sample to our vet collectively prior to leaving at 7 weeks.
- They will be introduced to a dog crate as we keep one in their pen as well as start feeding them individually in their crates at least one meal per day
- We start teaching them that “Kissy noises” mean to come to us and we reward them with food each time.
- We nail trim every couple of weeks to acclimate them to handling.
- Weather permitting, we will take them outside for exploration and start potty training.
- All puppies are trained to use a litter box.
- Your puppy will be groomed prior to leaving. We introduce the grooming table, brushes, and the dryer and Dremel. We do so with a lick mat to create a positive association with grooming.

Base line puppy prices are **\$2700** If interested in additional training please visit our Starter Puppy Program or AKC Home Manners Program.
